**Public Education Subcommittee Charge**  
November 2003

The Public Education Subcommittee is established to advise the Medicaid Advisory Committee concerning materials and methods for informing individuals about health benefits available under the Department of Public Aid's medical programs including, but not limited to, KidCare, FamilyCare, AABD medical, SeniorCare and Illinois Healthy Women. The subcommittee will 1) review brochures, pamphlets and other written materials prepared by the department, 2) review informational projects designed to inform the general public about medical programs, 3) serve as a conduit for informing the Medicaid Advisory Committee and the department concerning education needed or gaps in public understanding of the medical programs, and 4) propose additional means of communicating information about medical programs.
